Upland Bird Hunts

Dog Training/ Boarding

Huntsmith Training Seminars:

Foundation and Intermediate
Levels

See www.huntsmith.com for
details

We have every hope and aspiration to return to working bird dogs and finding birds in the month of March. We are hoping for rain tonight to wash this last 10 inches of snow out of the cover so that we can go back to hunting. We have a few things planned to put on your calendar. (Our Boy Rex- Pictured Above)

March 13th – European hunt – up to 22 shooters welcome

March 14th – Force Fetch to retrieve seminar with Denis Witmer

Week of March 14-20 – GSP litter due

March 20th – European hunt – 22 spaces reserved by Jerry Rutkowski

March 26-28 – Foundation Dog Training seminar with Ronnie Smith

March 28-31 – Intermediate Dog Training seminar with Ronnie Smith

Possible good news for next season

DNR has proposed to extend the hunting preserve season to include September. It is not official yet, but unless there is strong opposition to counter this proposal, it has strong potential to become true.

If you are interested in the current proposals for hunting season changes let me know & I can forward that to you.

*****DIFFERENT OPTION*** For The March 13th European Hunt**

If you are interested in trying a European Style Hunting Experience, then check out the new ½ day option. For the March 13th European Hunt, we are bumping the full day hunt to 16 pheasant per shooter and adding the option of a ½ day hunt with 8 pheasant per shooter for the AM or PM. We will still need at least 11 people in the AM and/or PM portion to make this hunt happen or can have up to 22 shooters. This puts the bird numbers for release at 176-352 pheasants released during the full day and/or 88-176 pheasants released during the ½ day. Plenty of shooting either way!

Full Day = 16 pheasant per shooter @ \$368 per person

½ Day = 8 pheasants per shooter @ \$184 per person

Lunch will be provided for ½ day and full day participants between 12-1PM.

*****Call to reserve your spot, this is on a first come first serve basis*****

Trained Retrieve Seminar – With Denis Witmer of Tudor Farm

Scheduled for March 14th (Sunday)

9AM- 4PM

At Mason-Dixon Game Outfitters

During the seminar Denis will work with each dog to introduce it to the table and to demonstrate different techniques. He will also have his own dogs along with varying skill levels that will be the primary demo dogs. Denis would like to cover the following items:

History and theory of force fetch

How he teaches trained retrieve without the traditional FORCE

Basic obedience and how it relates to the trained retrieve

Introduced to the training table

Rubbing out the dog

Teaching hold

Introduction to e collar

Teaching fetch

Introduction to birds on the table

Using the "CAT" system to assure success on the table and later on the ground

Beginning handling on the table

Taking handling skills to the ground level

Transition to the ground and eventually the field

Cost \$195.00 per student for the one day basic seminar.

Rick Smith/ Ronnie Smith Training Seminars

Foundation Seminar: If you are looking for a better relationship with your dog, both at home and in the field, you've come to the right place. From puppyhood through the basics of being a bird dog, all the basic skills you and your dog will need can be found here.

You will be trained to train your dog , with Rick and Ronnie's guidance. You'll work with the Command Lead, check cord, and whoa post, as well as the chain. Your dog will have numerous opportunities to work birds.

Building points of contact to train with our mechanical devices.

Intermediate Seminar: If your dog has the foundation prepared and you're ready for the new challenge, sign up for the intermediate Seminar! You will work one-on-one with your instructor on live pigeons in field conditions. This will help you work out any basic problems you've been having, as well as providing your dog with numerous opportunities to hunt. The camaraderie, support, and fun helps everybody learn, and you'll be amazed at the difference these finishing touches can make. Don't miss this!

Stimulating the point of contact that has been introduced in the foundation seminar into a remote queuing with an e-collar.

You owe it to your dog to participate in these great hands-on training seminars. You and your dog will both go home with confidence, or your money back! These seminars fill up quickly, so call us NOW and reserve your spot today!

Mason-Dixon Game Outfitters will be hosting two training seminars in March
